

HISTORICAL FIGURES IN ALMELUND

Many Swedish immigrants are located in Almelund. They can't vote, eat or even speak - but they are located throughout Almelund and at the museum and want you to find them! The hand-painted figures depict the history of the village. Can you find them all? This is a fun event for children! [Click here for a brochure.](#)

Help us enjoy them - and take care of them. If you'd like to help with this project, call Lin @ 651-269-3580.
All of these figures were purchased with Almelund Apple Festival donations and donations from local residents. Visit these new local residents today!

The Amador Heritage Center (Museum) is open Sundays June through September from 1 to 4 p.m.
A picnic shelter with eight picnic tables is adjacent to the museum and available for your events. You can reserve the shelter for a special event by calling Lin Strong 651-269-3580.
